

Mavo Systems, a union specialty contractor, is pleased to announce that Michael Krulas has been selected as Division Manager for the new service of Epoxy Flooring and Concrete Polishing. Mike brings to Mavo over 20 years of experience not only as a previous owner of his own company but he is also a certified installer with numerous manufacturers and has also been an instructor for the JATC Apprentice Training program local 633. He has expert knowledge and uncompromising ability to do small and large floors and everything in between in your industrial and commercial facilities. This service is a nice addition to the other services that Mavo Systems performs such as asbestos/lead/mold abatement, HVAC Cleaning, Mechanical Insulation, Interior Demolition and Specialty Cleaning.
